VARIO COOLING

EXPRESSIVE SERIES

The pinnacle of cooling.

SET THE STAGE FOR THE EXTRAORDINARY

The extraordinary is never accidental. It is the result of intention, precision, and products that speak through both their expressive aesthetics and inner performance. Those who know understand that true perfection lies in the details, where modularity enables seamless integration, and where even the most functional elements are elevated. Because only by honouring the smallest of details can one truly make a moment memorable.

Vario refrigerator, freezer and wine climate cabinets Expressive series

Open for perfection

The Vario cooling Expressive series is not just a range of appliances. They are creations crafted for those who understand that preserving the essence of their culinary treasures must always be matched by an equally uncompromising commitment to aesthetics.

The best way to stand out is to fit in

Offering inherent modularity and the option of handleless integration, the meticulously crafted Vario cooling Expressive series brings refined sophistication and architectural precision to your kitchen. Conceived to resemble furniture, it allows for countless configuration possibilities, enabling you to curate a cooling ensemble that reflects your personal vision and cultivated taste. Every shelf and door bin can be precisely aligned to create visual continuity between refrigerator and freezer, ensuring a seamless composition when installed side-by-side. Because true design does not compete; it completes.

Dark brushed stainless steel inner liner and solid anthracite aluminium door bins

REFRIGERATION

Materiality, mastered

Inside, dark brushed stainless steel meets solid anthracite aluminium. Not for effect. For integrity. Each inner surface, each aluminium-framed glass shelf, each drawer is a testament to purposeful materiality. A quiet dialogue unfolds between craft and knowledge. Nothing is accidental. Everything is considered.

Effortless control

Every appliance within the Vario cooling Expressive series elevates your experience. Dedicated programmes optimise conditions for specific food categories, while animated quick guides simplify maintenance. With Gaggenau Home Connect, control your products remotely from any mobile device.

ILLUMINATING PERFORMANCE

Preservation without compromise

The Vario cooling Expressive series houses a state-of-the-art, professional freshness system comprising a chilled drawer and up to two fresh climate drawers. Dedicated programmes with bespoke humidity and temperature control ensure your ingredients retain their essence. The icing on the cake is a freezing technology to protect your culinary treasures from freezer burn as well as oxidation.

A ceremony of illumination

Behind every door, warm-white, glare-free LED lights rise and dim in all compartments, adapting to their environment and your actions, revealing each bottle, each ingredient, each culinary creation with captivating clarity. This is more than light. This is revelation.

Large or small, our minimalist, clean lines make our cooling 200 series a pivotal addition to any kitchen.

Vario fridge-freezer combination 200 series

VARIO COOLING 200 SERIES

Warming your cooling experience

The modern kitchen is the heart of a connected, flowing home, a place where you create an atmosphere as well as cuisine. As such, its design becomes ever more welcoming and personal and less utilitarian and function-led.

The Vario fridge-freezers, refrigerators and freezers of the 200 series seek to continue your interior design ethos: performing perfectly, with sophisticated elegance. Blending into your furniture when closed, the refrigerator and freezer bathe the viewer in warm, soft light when open, revealing touches of light bronze in the door bins and dial as well as the natural grain of maple bottle holders.

Vario fridge-freezer combination 200 series

GRAND UNDERSTATEMENT

Touches of luxury

The Vario refrigerators 200 series fit into a 178 cm niche and blend in with your home's interior design.

The pleasingly tactile, zinc die cast humidity drawer dial allows you to refrigerate fruit and vegetables or meat and fish at their optimal conditions, maintaining their freshness for longer.

The ample fresh cooling drawers never look cluttered thanks to the gradated frosted front. Both maple wood bottle holders connect together magnetically, gently securing various sizes of bottles including wine and magnums, with the grain of the wood adding a hint of the organic to the interior. Arrange your bottle holders on the shelf, three deep or five across.

And as you shut the door, it closes softly.

DESIGN HIGHLIGHTS

The interior completes your kitchen

A collection of luxurious elements have been brought together to create a sophisticated sensory moment for the chef and superior performance from your Vario 200 series. The experience begins when you open it. A gentle push is all it takes or, if that feels like too much, use your voice assistant and simply ask it to open.

The appliances are comprehensively yet softly illuminated. Bright and warm toned, the light panel, illuminated drawers and freezer lights emphasise the colours of your ingredients, so they are displayed as beautifully as they are preserved.

The substantial, light bronze toned, satin finished door bins match the clear glass shelf profiles and humidity dial.

The separate refrigerator and freezer complement one another perfectly: offering the same warm toned lighting, frosted drawers and open shelving.

COOLING

200 SERIES

More in a niche

This range offers a myriad of cooling solutions: you can lose yourself in up to 289 litres of cool volume or fit one of our refrigerators or freezers into a standard 60 cm slot. Large or small, our minimalist, clean lines make our cooling 200 series a pivotal addition to any room. Choose from a collection of capabilities such as distinct climate zones, fresh cooling drawers, 4-star freezer compartments and adjustable shelving.

...and free-standing

The free-standing fridge-freezer offers a striking 90.5 cm wide presence, enormous 573 litre volume and Gaggenau Home Connect. Open the impressive dark anthracite stainless steel french doors to access your filtered water dispenser, two fresh cooling 0 °C drawers with five preset settings for ideal storage and the stainless steel backwall. The freezer compartment is frost-free, fast freezing and offers an icemaker.
