WINE CLIMATE CABINETS

More than storage, this is the
art of wine, elevated.

ELEVATE EVERY DROP

Moments become immutable memories

There is elegance and sophistication in wine. In the vineyards shaped by heritage, the stones that anchor the vines, the precision of the craft, and the beauty found in every shade of red, white, rosé, yellow, and green. Such richness deserves an equally refined experience. It deserves the avant-garde technology and sleek aesthetics of our Vario wine climate cabinets Expressive series. A composition of form and function that mirrors the journey of wine itself. One that creates a deeper connection with the rituals of everyday life, elevating simple moments into experiences of artistry.

PRECISION THAT CAPTURES CRAFT

Automatic wine tempering

Unique to the market, our wine climate cabinets transform preservation into precision preparation. With specific sensors enabling automatic tempering programmes in the upper and middle compartment, each bottle is brought to its ideal serving temperature without guesswork, giving you the peace of mind knowing it is ready to be savoured at its peak. More than storage, this is the art of wine, elevated. It is an experience of effortless refinement, tailored precision, and lasting delight.

Guided interaction

The intuitive touch display offers a seamless interface, highlighting the climate zone you are engaging with and guiding you through each function with clarity and ease. Animated quick guides support maintenance, ensuring every interaction feels instinctive and precise.

TRANSFORM ROUTINE INTO RITUAL

Bespoke staging

Showcase your collection with lighting designed to honour every bottle. Choose from three carefully curated presets, allowing your wine climate cabinet to harmonise effortlessly with its surroundings. Inside, a dedicated staging area and flexible presentation configurations give your finest bottles the presence they deserve. Even magnum bottles can be perfectly staged for maximum impact. With space for up to 110 bottles, every detail is considered, transforming your collection into a statement of elegance, intention, and occasion.

THE EXTRAORDINARY, ELEVATING THE EXCEPTIONAL

Distinctive materiality

A dialogue of precision and heritage unfolds within. The dark brushed stainless steel interior speaks to enduring elegance, while oak bottle presenters and trays echo the craft and tradition of winemaking. These materials form more than a backdrop, they create a setting of quiet reverence, where each bottle is held, honoured, and elevated. This is the unification of aesthetics and intention, designed to reflect the depth of your collection and the refinement of your taste.

Preservation mastery

Experience the pinnacle of wine care with independent climate zones that deliver precise temperature stability, while the automatic tempering programmes ensure each bottle reaches its ideal serving temperature, calibrated by quantity of bottles, size and wine type. UV protection safeguards the integrity of every vintage, soft-closing shelves offer effortless access, and activated charcoal filters maintain optimal air quality across all zones. Every element is designed with intention: to protect, present, and honour your collection, transforming it into a quiet expression of discernment and cultivated taste.

Your wine collection:
outstanding, within a niche.

Wine climate cabinet 200 series

Under-counter wine climate cabinet 200 series

WINE CLIMATE CABINETS **200 SERIES**

Your collection in a niche

For your wine collection, there are two fully integrated options at 178 cm and 123 cm, protecting 80 and 48 bottles respectively. Both offer two climate zones, presentation lights, framed in your kitchen furniture material to blend seamlessly into your interior design.

The under-counter cellar

Under your counter you can push-to-open your store of up to 38 bottles, in two climate zones. Doors can be a custom made panel, handleless and offer cushioned closing. Uncompromising in everything but size, this wine climate cabinet offers extendable bottle trays of oak and aluminium, dimmable LED lighting and humidity control. Store your collection perfectly and conveniently.
